LEATHER INTERIORS

Beautiful embossed leather collections are produced on our plain leathers suited for embossing: City, Lumiere, Natural, Pearl, Star, Velluto and Waternatural. These patterns are created by applying heat and pressure onto the leather which results in a contrast between embossed and debossed areas. Embossed leathers present plate lines.

Hide Size: $\pm 2,2 \text{ m}^2$ - $\pm 25 \text{ sq.ft.}$

Thickness: according to ground leather

Made in Italy

--- Plate lines

Plate lines* will be visible approximately every 90cm (35") as per above image.

Maintenance:

Leather is a natural material. Slight colour variations and scratches are natural characteristics of the product. Direct exposure to sunlight and installation near heat sources should be avoided.

Wipe periodically with a dry cloth to prevent dust from building up. Do not use harsh cleaners or solvents.

Testing: FR, aviation and marine certifications available upon request. Contact our Sales department at +39 0444 453745.

Applications: according to ground leather.

* Please note: every embossed leather has plate lines. In some geometrical patterns those lines are more visible than in other more irregular patterns.

Collections:

Lizard is embossed on City. Queen Bee is embossed on Lumiere. Grass, Katana, Malindi, Ostrich are embossed on Natural. Razza is embossed on Pearl. Elica, Intreccio, Loto, Sakura, Thai are embossed on Star. Entropia is embossed on Velluto. Bisanzio is embossed on Waternatural.

Other embossing options can be available, please contact our Sales department.
